Distributor Interchange Bosch To VW Number

This page features Volkswagen Distributors in OE Bosch Number order interchanged to the OE Volkswagen Number, it's subsequent replacement numbers, followed by the application(s) it was installed on. As an added feature, each application is link/cross-referenced to it's location on our main [Ignition Application Page](#) which features the necessary replacement parts, timing and other specifications.

Note to Super Beetle, Convertible and Karmann Ghia Owners - Simply follow the Beetle Links. Despite the differences in these above Model names, they share the same distributor as the Beetle.

Coming soon- Type 3 and Type 4 Model information!
